IMAGE OF NURSING COMMITTEE

The Image of Nursing Committee's goal is to promote a positive image of nursing and break the negative stereotypes. We aim to do this by educating the public and student nurses. We encourage all chapters to submit pictures and stories of their chapters volunteering or assisting in their local communities. Please submit to:

cnsaimageofnursing@gmail.com

Our Committee is here to assist you with developing an Image of Nursing position within your chapter if you don't currently have one or have questions on how to further develop the position. We are currently still seeking committee members.
