A black and white photograph of a misty forest path lined with bare trees. The path is in the center, leading into the distance. The trees are tall and thin, with no leaves, and their branches are silhouetted against the fog. The ground is covered in grass or low vegetation. The overall mood is serene and contemplative.

**“Understand that the right to choose your own path is a sacred privilege. Use it. Dwell in possibility.”**

## WHAT'S YOUR NEXT STEP?

What are your plans after High School?

Where do you see yourself in five years?

How much money do you want to make?

What is your ultimate GOAL!!!

## NURSES

- Nurses protect, promote, optimize health, prevent illness and injury, and advocate for patients and their families.
- Nurses provide care in hospitals, homes, community clinics, and at schools.
- Nursing is the highest workforce amongst healthcare workers, and is considered one of the most admiring careers in America.
- Nursing is a career without borders, without color, and without gender difference.
- Nursing is about those whose father, mother, brother, sister, or child you have saved or care for on a daily basis.

Not a day goes by that you don't hear a thank you.

## DIVERSITY

- Minorities are needed in nursing.
- Only 6.6% of the nursing population are males, and only 16% are minorities.
- 6.6% = 200,000 males out of 3.06 million licensed RN.
- 16% = 490,000 minorities out of 3.06 million licensed RN.
- Hispanics are the fastest rising minority group in the US yet it only represents about 2% of the total nursing population (54,861).
